Teacher Feedback Report Analysis

The feedback from faculty for each course is collected and analyzed at department level. The consolidated report is generated at institute level by considering department feedback. The feedback analysis of teacher feedback is shown below:

Parameter	Code
The course structure framed by the university is relevant to the discipline and concurrent technologies.	T-1
The Course outcomes stated by the university are relative to the objectives defined.	T-2
The text book prescribe by the university for all the Courses will educate students in the direction of OBE.	T-3
The timely coverage of syllabus is possible in the allotted number of hours by the university.	T-4
The programme and curriculum is enriched as compared to similar programme offered by other universities.	T-5
The designed experiments stimulate the interest of students in the subject and deepen their understanding through relating theory to practice (Experiential learning).	T-6
Overall rating of course	T-7

Teacher Feedback Report Analysis

The feedback from faculty for each course is collected and analyzed at department level. The consolidated report is generated at institute level by considering department feedback. The feedback analysis of teacher feedback is shown below:

Parameter	Code
The course structure framed by the university is relevant to the discipline and concurrent technologies.	T-1
The Course outcomes stated by the university are relative to the objectives defined.	T-2
The text book prescribe by the university for all the Courses will educate students in the direction of OBE.	T-3
The timely coverage of syllabus is possible in the allotted number of hours by the university.	T-4
The programme and curriculum is enriched as compared to similar programme offered by other universities.	T-5
The designed experiments stimulate the interest of students in the subject and deepen their understanding through relating theory to practice (Experiential learning).	T-6
Overall rating of course	T-7

Teacher Feedback Report Analysis

The feedback from faculty for each course is collected and analyzed at department level. The consolidated report is generated at institute level by considering department feedback. The feedback analysis of teacher feedback is shown below:

Parameter	Code
The course structure framed by the university is relevant to the discipline and concurrent technologies.	T-1
The Course outcomes stated by the university are relative to the objectives defined.	T-2
The text book prescribe by the university for all the Courses will educate students in the direction of OBE.	T-3
The timely coverage of syllabus is possible in the allotted number of hours by the university.	T-4
The programme and curriculum is enriched as compared to similar programme offered by other universities.	T-5
The designed experiments stimulate the interest of students in the subject and deepen their understanding through relating theory to practice (Experiential learning).	T-6
Overall rating of course	T-7
