

4.2.1. QIM Library is automated using Integrated Library Management System (ILMS)

Name of ILMS software: KOHA

Nature of automation (fully or partially): Library is a Fully Automated

Version: 3.22.07.000(2021)

Year of Automation: 2011

Library has a book collection of 16,308 books Plus 21,113 E-books (Total Books 37,421), Journals and E- Journals 7,500 (as of 08.02.2021), and for proper organization of the library material, the library uses software, 'KOHA' Library Software which is a Local host on Linux. Software is upgraded from time to time. One terminal is reserved for students to search information of availability and issue of Books. Web-based Library Software with Web OPAC. (Online Public Access Catalogue- OPAC) and Single Window Where Complete Information about the Users Along with Circulation Status, Fine Status, Contact Details, Reading & circulation History, etc.

The Institutional repository of ATME i.e., Dspace@ATME can be accessible in the institute premises. In this repository faculties and students can found the intellectual output of the college i.e., articles published by the faculties in peer reviewed journal, papers presented at conferences, E-Books, previous question papers of the course and Syllabus etc.

Varies types of reports can be generated with the use of the above-mentioned software which is useful for various committees and inspections from time to time. Book database is created along with the user's database.

The issue return process is fully automated and manual cards are kept as supporting documents for students and faculty. NPTEL and E-Shikshana videos Facilities provide for students & Staff.

HOW TO CHECK THE AVAILABILITY OF BOOKS

The screenshot shows the Koha library website interface. At the top, there's a navigation bar with links like Circulation, Patrons, Search, Cart, and More. Below this, the Koha logo is visible. A search bar prompts the user to 'Enter patron card number or partial name:'. A yellow box displays the message 'Not checked out.'.

The 'Check In' section includes a form to 'Enter item barcode:' with a 'Submit' button. To the right, under 'Options', there are checkboxes for 'Forgive overdue charges' and 'Dropbox mode'.

Below the 'Check In' section, a table titled 'Checked-in items' lists the following data:

Due date	Title	Author	Barcode	Home branch	Holding branch	Shelving location	Call number	Type	Patron	Note
Not checked out	Problems in electrical engineering	Smith, S Parker	2510	LIBRARIAN	LIBRARIAN	General Stacks	621.3076 SMI	BK NFIC	Not checked out
